

# LITHUANIAN DEFENCE INDUSTRY

## AIR/SPACE

- KONGSBERG NANOAVIONICS**  
Nanosatellites and satellite communications
- BLACKSWAN SPACE**  
Development of satellite autonomy platform and 3D space mission simulator
- ASTROLIGHT**  
Development of wireless laser systems for Space-to-Earth communication

## AIR/UAV

- THRUST**  
UAV systems for surveillance and reconnaissance applications
- UNMANNED DEFENSE SYSTEMS**  
UAV systems for target and reconnaissance applications
- MONOPULSE**  
Small UAV system for reconnaissance applications

## Products or Services

- GRANTA SOLUTIONS**  
Small UAV system for intelligence, surveillance, and reconnaissance applications
- LITHUANIAN AVIATION PLANT**  
Development of MALE UAV based on glider design
- UNMANNED DYNAMICS**  
Development of hybrid UAVs

## Innovators

## AIR/GROUND SUPPORT

- ASU BALTIJA**  
Aircraft repair, maintenance, and modernisation
- AVIATIC MRO**  
Aircraft repair and maintenance
- AVIATIC GS**  
UAV repair and maintenance
- AVIATEMA EQUIPMENT**  
Aircraft maintenance shelters and aircraft covers

## AMMUNITION

- GIRAITĖS GINKLUOTĖS GAMYKLA**  
NATO ball cartridges

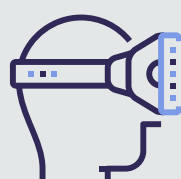

## DETECTION, LOCATION, ACQUISITION AND DECEPTION

- ADOS PRO**  
Thermal and night vision devices
- BROLIS SEMICONDUCTORS**  
Laser pointers and illuminators, thermal, night vision, and SWIR systems
- VILRIDA**  
Thermal imaging devices, optoelectronic systems, video surveillance systems
- ATRI**  
Thermal imagers and surveillance systems
- BEESENSE EU**  
Perimeter surveillance systems comprising radars, imaging and AI
- EUROELEKTRONIKA**  
Surveillance and security system integration, installation and maintenance
- NT SERVICE**  
Counter-drone and radio-blocking systems
- POLIMASTER EUROPE**  
Radiation detection and measurement devices, personal dosimeters
- TIGBIS**  
Decoding, distant information collection, drone detection solutions
- TONBO IMAGING**  
Electro-optics and IR imaging systems
- VAIZDUOTĖ**  
Development of sensors for the identification and localisation of vehicles
- AKTYVUS PHOTONICS**  
Development of a laser target designator for intelligent ammunition control
- ID.WORKS**  
Development of object recognition solutions using AI and cameras
- IMINT.AI**  
Development of Artificial Intelligence solution for vehicle recognition
- QUANTUM LIGHT INSTRUMENTS**  
Development of a laser target designator

## EOD EQUIPMENT

- RSI EUROPE**  
Remotely controlled smart initiation system

## GROUND SUPPORT

- ARVEKA**  
Host nation real-life support
- AUTOKURTAS**  
Support and maintenance of armoured vehicles
- LITHUANIA DEFENSE SERVICES**  
In-Service Support for military vehicles

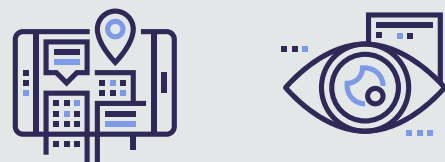

## GROUND VEHICLES

- ELEKTROCIKLAS**  
Development of electric off-road motorcycles
- OSTARA**  
Development of hybrid buggies and hybrid electric power system

## ICT

- CELLULAR EXPERT**  
Communications planning and operations enhancement based on Esri's ArcGIS
- NOVIAN SYSTEMS**  
Software development and system integration for C4I, radar systems
- EIT SPRENDIMAI**  
ICT design, development, installation, and maintenance
- HNIT-BALTIC**  
Geospatial analytics, location intelligence, and mapping based on Esri's ArcGIS
- ELISIS TS**  
ICT design, development, installation, and maintenance
- NRD CS**  
Cybersecurity hardware and software
- PIXPRO**  
Photogrammetric image reconstruction solutions
- PRIMECOM**  
Cellular network security solutions
- FAST TRAFFIC**  
Services for OSINT, VSINT, and secure communications
- B.G.M**  
Cyber security hardware and software installation and maintenance

## PERSONAL EQUIPMENT

- LIELBATA**  
Ballistic helmets
- AUDIMAS SUPPLY**  
Military uniforms, tactical and specialised clothing
- GARLITA**  
Military uniforms, tactical and specialised clothing
- OMNITEKSAS**  
Military uniforms, tactical and specialised clothing
- SAFARILAND LITHUANIA**  
Bulletproof vests
- TAKTINIAI SPRENDIMAI**  
Pouches, holsters, and tactical clothing systems
- TUMA**  
Military uniforms, tactical and specialised clothing
- UTENOS TRIKOTAŽAS**  
Military uniforms, tactical and specialised clothing

## R&D

- BALTIC INSTITUTE OF ADVANCED TECHNOLOGY**  
R&D in RF, AI and AR/VR for military UX/UI solutions
- CENTER FOR PHYSICAL SCIENCES AND TECHNOLOGY**  
R&D in photonics, electromagnetic measurement, military clothing, and protection systems
- KAUNAS UNIVERSITY OF TECHNOLOGY**  
R&D in monitoring and communications equipment, weapons systems, unmanned platforms, cyber security, and ballistic protection
- GENERAL JONAS ŽEMAITIS MILITARY ACADEMY OF LITHUANIA**  
R&D in human factors, medicine, information systems technology, and cyber security
- VILNIUS TECH**  
R&D in UAV and applied vehicle techn
- VILNIUS UNIVERSITY**  
R&D in UAV, cyber security, sensors, and electronics technology
- VYTAUTAS MAGNUS UNIVERSITY**  
R&D in information systems technology and AI

## COMPONENTS

- 3PHOTON**  
Laser optics and crystals
- ALTECHNA**  
Custom laser optics, optical components, laser accessories, OEM
- EKSMA OPTICS**  
Precision optical components, optical systems, crystals, optomechanics
- INTEGRATED OPTICS**  
Compact lasers
- OPTOMAN**  
Durable laser optics for extreme power applications
- OPTONAS**  
Laser optics, coating services
- WORKSHOP OF PHOTONICS**  
Laser workstations, laser micromachining technologies, special optics
- EKSPLA**  
Ultrashort pulse laser systems
- INOREGA**  
Innovative polymers
- KITRON**  
Electronic equipment and components
- PRECIZIKA METROLOGY**  
Mechatronics components
- SARGASAS**  
Optomechanical components
- STEVILA**  
Mechanical high-precision components
- KARBONAS**  
Metalworking services
- RADVILIŠKIO MAŠINŲ GAMYKLA**  
Metal constructions and parts for vehicles
- METACO**  
Metalworking services
- ENTECH GROUP**  
Design and manufacturing of custom-made plastic parts
- MARTEMA**  
Steel and alloys CNC machining, heat treatment, coating and protection solutions
- HENNORDIC**  
Metalworking services
- ARGINTA ENGINEERING**  
Engineering and metalworking
- ARTILUX NMF**  
Plastic injection moulding and metal sheet processing
- KB COMPONENTS UAB**  
Plastic component manufacturing
- VAIVORA ENGINEERING**  
Metal machining (CNC milling and turning services)
- METALISTAS LT**  
Sheet metal machining, welding, fitting
